

Variable	Label	Description	valueType	Width	Unit
BCID	BCID: Participant ID	participant	text	12	
QX_BC	QX_BC: Questionnaire BARCODE	questionnaire	text	14	
QX_YEAR	QX_YEAR: Questionnaire completion year	Year in which the questionnaire was completed (YYYY)	integer	9	
QX_FORMAT	QX_FORMAT: Questionnaire administration format	Format of the questionnaire administered to the participant	integer	7	
RECORD	RECORD: Chronological order of residences	Chronological order of residences with '1' denoting current residence	integer	13	record
YR_START	YR_START: Residential Start Year	Year in which the participant started living in the residence in question (YYYY). Although participants were asked to only consider homes in which they had lived for at least 1 year, residences were not excluded if they were inhabited for less than 1 year.	integer	15	
YR_END	YR_END: Residential End Year	Year in which the participant stopped living in the residence in question (YYYY). Although participants were asked to only consider homes in which they had lived for at least 1 year, residences were not excluded if they were inhabited for less than 1 year.	integer	13	
NATION	NATION: Country (general)	Country in which the residence in question was/is located. Some countries were grouped together (e.g. Great Britain (UK) includes Northern Ireland, Scotland, England).	integer	13	
NATION_DETAILED	NATION_DETAILED: Country (detailed)	Country in which the residence in question was/is located. Countries that are sometimes grouped together were kept separate if the participant reported the separate country (e.g. Northern Ireland, Scotland, England were not grouped together as 'Great Britain (UK)'. However, 'Great Britain' was maintained if the participant reported it as such).	text	26	
PROVINCE	PROVINCE: Canadian Province	Canadian province in which the residence in question was/is located. Only applies to Canadian addresses.	integer	15	
MUNICIPALITY	MUNICIPALITY: Canadian City	City in which the residence in question was/is located. Only applies to Canadian addresses. Municipalities were not consolidated (e.g. 'Kerrisdale' was not grouped with 'Vancouver') and are predominantly left as reported. Participants sometimes reported a neighbourhood or landmark rather than a city.	text	26	
POSTAL_CODE	POSTAL_CODE: Self-reported Postal Code	Postal Code (6 characters; alphanumeric) self-reported by the participant for the residence in question. If incomplete, the first 3 characters (FSA) were provided. Only applies to Canadian addresses.	text	26	
MONTHS_PER_YEAR_RESIDED	MONTHS_PER_YEAR_RESIDED: Number of Months of the Year Lived in Residence (1-12)	The average number of months of the year the participant lived in the residence in question. Answers should range from 1 to 12.	integer	25	months
HOUSING1	HOUSING1: Type of Housing 1	First type of housing for the residence in question	integer	12	
HOUSING2	HOUSING2: Type of Housing 2	Second type of housing for the residence in question (if the participant gave multiple responses for same residence)	integer	12	
HOUSING3	HOUSING3: Type of Housing 3	Third type of housing for the residence in question (if the participant gave multiple responses for same residence)	integer	12	
WATER1	WATER1: Main Home Water Source 1	First main home water source for the residence in question	integer	13	
WATER2	WATER2: Main Home Water Source 2	Second main home water source for the residence in question (if the participant gave multiple responses for same residence)	integer	13	
WATER3	WATER3: Main Home Water Source 3	Third main home water source for the residence in question (if the participant gave multiple responses for same residence)	integer	13	
HEAT1	HEAT1: Primary Source of Home Heating 1	First primary source of heat for the residence in question	integer	12	
HEAT2	HEAT2: Primary Source of Home Heating 2	Second primary source of heat for the residence in question (if the participant gave multiple responses for same residence)	integer	12	
HEAT3	HEAT3: Primary Source of Home Heating 3	Third primary source of heat for the residence in question (if the participant gave multiple responses for same residence)	integer	12	
HEAT4	HEAT4: Primary Source of Home Heating 4	Fourth primary source of heat for the residence in question (if the participant gave multiple responses for same residence)	integer	12
